PRICES

All prices are subject to change without notice. If there is a price cut, you will automatically receive it. If there is a price increase, you will be notified before shipping. Price changes, if any, are the result of the manufacturing costs.

TERMS

Payment by money order or check to accompany order. Personal check will simply delay order four weeks because of bank clearance.

SHIPPING

Processing will begin on your order the same day it is received. Shipping will be made via the most economical means, unless otherwise specified by purchaser. Special shipping instructions must be made with original order. All orders freight collect. On items such as frames and bodies, which must be crated to insure receipt of merchandise in good condition, a nominal crating charge will be added to your order. All orders will be sent freight or postage collect except if it's included in order. Prices F.O.B. Chicago Ridge, Ill. or factory.

CLAIMS

Claims for damage, open or concealed, to be made to freight forwarder. Don't send damaged parts to us. YOU must file a claim with the freight company. Claims for shortage to be made to us within five days of receipt of order. NOTE: NO RETURNS AFTER 20 DAYS OF RECEIPT OF ORDER.

RETURNS

Formal request must be made before return of any merchandise. Special parts are not returnable. All returns are subject to 20% handling charge.

WARRANTY

The following is made in lieu of all warranties expressed or implied. Seller's and Manufacturer's only obligation shall be to replace such quality of the product proved to be defective. Neither seller nor manufacturer shall be liable for any loss, injury or damage, direct or consequential, arising out of the use of, or the inabilities of of the product. After use, the user shall assume all risk and liability whatsoever in connection therewith.

ORDERING

Please include the part numbers and description, for quick identification of our part. All orders should include full payment for parts. Illinois residents only will include 5% sales tax.

"TRY US FIRST"

If you don't see the part you want in this catalog, drop us a letter. We will get it for you. We answer all inquiries.

Roadster Specialties

Wesecott's

'31 "A"

PINTO POWERED "KIT" CAR

\$ 2750.00

BOLT TOGETHER YOUR OWN COUPE OR ROADSTER

Use 1971 to 1973 Pinto 2000 CC engine, running gear, wiring, instruments and other components to build a beautiful street coupe or roadster. Kit consists of a frame with fender braces, running board braces, gas tank and radiator, engineered for Pinto running gear; a body with fenders, aprons, hood, running boards, lights and spare tire bracket, built to fit the "KIT".

"KIT" does not contain windshield assembly, radiator shell, top, upholstery, or Pinto components. Pinto drive line, shift linkage, throttle linkage, emergency brake linkage, and wiring loom have to be altered by owner.

Assembly and alteration instructions are included.

These are aircraft quality rod ends - less expensive commercial quality also available although not recommended for street rod use. Keep it safe!

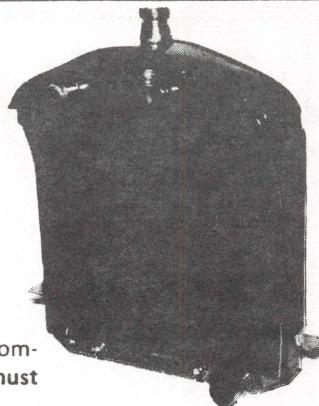

Roadster Specialties

for the ultimate in cooling

ALL NEW S - LINE

ULTRA HEAVY DUTY
FOR STREET RODS

Designed for ultra-hi performance engines such as blowers, exotic cams, modified valve trains and combustion chambers, over-bored blocks, extremely high compression and large displacement engines. A must for continuous heavily congested traffic, air conditioning and street rods that tow trailers.

MODEL T FORD

..... \$204.21

Model S 481-1 - 1917-1923 T Shells

Note: Due to bottom tank design, this unit can not be used with the original T Frame, when body parts such as fenders, etc., are used. For this application check with us direct.

Model S 481-2 - 1924-1927 T Shells
and Frames

MODEL A FORD

\$ 178.02

Model S 487-1
fits 1928-29 shells and frames

Model S 487-2
fits 1930-31 shells and frames

For automatic transmissions, lower tank design does not permit using original equipment cooler, therefore we recommend Hayden Trans-Cooler No. K-1334 which we can furnish with order.

1932 FORD

\$ 178.02

Model S 491-2 for shells which have been filled at top filler neck or as fiberglass shells. This radiator unit comes without dummy filler neck.

Model S 491-1 for shells that use dummy filler necks, which extend through top of shells. This radiator comes with dummy filler neck.

For automatic transmissions, lower tank design does not permit using original equipment cooler, therefore we recommend Trans-Cooler No. K-1334 which we can furnish with order.

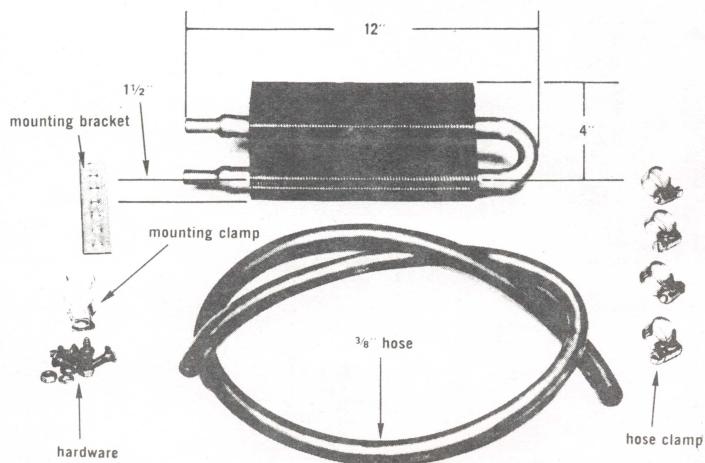

STANDARD CAPACITY WALKER RADIATORS ARE STILL AVAILABLE. THESE ARE LESS EXPENSIVE THAN THE ULTRA HEAVY DUTY S-LINE RADIATORS AND ARE O.K. FOR USE WITH SMALL ENGINES AND LIGHTWEIGHT RODS.

WRITE FOR PRICES

TRANSMISSION COOLER KITS

Price \$ 23.95
Model K-1334

- To be used in conjunction with radiators where lower tank design does not permit using original equipment cooler.
- Complete with all hardware.
- Can be used on all automatic transmissions.

HAND LAMINATED FIBERGLASS

The body assembly is complete with metal reinforcing in cowl top, and front door posts tied to front floor area and body mounts. Metal structure around the back of the passenger compartment is tied to door striker and dove-tail mounts, and braced to the seat riser panel, which is also metal. Assembled with the body are: seat risers; floor area; curtain pan; doors—fit, hung, and latched; rumble seat lid—fit with hinges and latch; windshield posts, deluxe type, and windshield post mounts. All doors and rumble seat lid are double panel construction. Body assembly comes with steering gear bracket. Fenders are not included.
